OFFICE ADVANCED

QUALITY · SPEED · FEATURES

High performance, high speed, cost effective and connected A3+ office printer for laser quality colour documents and superb photo prints.

The PIXMA iX6860 is an affordable home office solution, designed to give your business the competitive edge. Ideal for printing large spread sheets, posters and photos up to A3+ size, featuring Ethernet and Wi-Fi, compatibility with Canon's PIXMA Printing Solutions app, Google Cloud Print and Apple AirPrint™, to ensure users in home office environments can print from smart devices, such as tablets and smartphones, with ease. With fast print speeds, low power consumption, and optional cost saving XXL size black ink tanks to print up to 1,000 pages, this printer can take your business to the next level.

Key Features

As a Printer
- High quality photos & documents with 1 picolitre FINE print head technology & 9600 x 2400 optical dpi[1]
- Fast document printing at approx. 14.5 images per minute in black & 10.4 images per minute in colour[2]
- Photo lab quality prints delivered in high speeds of approx 36 seconds[2]
- Borderless printing up to A3+ size[3]
- Automatic Double Sided Printing

Additional Features
- Print and Scan from any iOS or Android mobile phone or tablet through the PIXMA Printing Solutions app
- Apple AirPrint and Google Cloud Print compatible
- Quiet mode, for printing any time in any location of the house
- Auto Power On and Off for no fuss operation
- Energy Star® and EPEAT compliant

Easy to use Software
- My Image Garden takes the photos stored on a computer to help organise, collate, create and share your memories.
- Full HD Movie Print turns your favorite moments into beautiful prints
- Solution templates provide an exclusive design template to help users prepare business documents and posters easily.
- Creative Park Premium is an online service for genuine ink users that lets you download photos, illustrations, paper crafts and more from internationally recognized photographers.
- Fun Filter Effects to apply a range of artistic and creative filters to your photos before printing.
- Easy WebPrint EX enables auto clipping from web pages, text enlargement and saves paper when printing from the web

9600 dpi Maximum / **1 pl** Minimum

Quality images
9600 x 2400 dpi resolution & 1 picolitre FINE print-head technology for high quality photos & documents[1]

Auto Duplex Print

Automatic Double Sided Printing
Save valuable time and money with the automatic double sided printing feature

ChromaLife100+

Long Lasting Prints
Produce long lasting photos over 300 years with a combination of Canon's genuine dye ink and genuine photo papers

High-Yield Black Cartridge

XL and XXL Size Ink Cartridges
New XL and XXL size ink tanks enables you to print up to 1,000 pages or approx. 2.6 times more prints when compared to a standard tank-reducing ink tank replacement and saving you money.

5 Single Inks

Efficient Individual Ink Tanks
Individual ink tanks save you money, because you only need to replace the colour that runs out

*Plain paper: Declared yield value in accordance with ISO/IEC 24711. Values obtained by continuous printing.
4"x6" photos: When printing Canon standard patterns continuously with the default settings of testing paper using Windows 7 printer driver in borderless printing mode and Windows 7 Home Premium's Windows Photo Viewer.
Declared yield value determined based on Canon standard method referring to ISO/IEC 24711. The figure above is an average value, measured when printing continuously using the ink immediately after it is unsealed, until the ink is out. Ink yield may vary depending on photos/documents printed, applications software used, print mode and type of paper used. This should be used as a guide only and does not take into account ink that might be used for head cleaning or head refreshing to maintain printer performance. Please visit our website for further details.

Disclaimers

1. 1 ink droplets can be placed with a pitch of 1/9600 inch at minimum.
2. Document print speeds are the averages of ESAT in Office Category Test for the default simplex mode, ISO/IEC 24734. Photo print speed is based on the default setting using ISO/JIS-SCID N2 on Photo Paper Plus Glossy II and does not take into account data processing time on host computer. Print speed may vary depending on system configuration, interface, software, document complexity, print mode, page coverage, type of paper used etc.
3. Paper types NOT supported for borderless printing are as follows: Envelope, High Resolution Paper, T-Shirt Transfer, Photo Stickers.
4. 1-11 in US, CND, LTN, BRA and TW
5. Print: When printing ISO/JIS-SCID N2 on A3 size plain paper using default settings.

Specifications are subject to change without notice.
